Coolcat lamps

This energy saving lamp is available in 3 wattages. 11 watt to replace the 50 watt Dichroic, 7 watt to replace the 35 watt and 4 watt to replace the 20 watt.

These lamps offer a life of in excess of 15,000 hours whereas the best Dichroic lamps only last for around 2,000 hours. The energy savings over dichroics can be as much as 92%.

The lamps and drivers can be retro fitted into many pre-existing housings with either twist lock bezels or spring retaining clips, but can also be supplied with any of the housings from our popular range as detailed.

Benefits

- Cool running temperature of approximately 35°C
- Long lamp life of 15,000 hours
- Part L Building Regulations compliant
- Upto 92% energy savings

A full comprehensive leaflet giving all the details of the CoolCat lamp is available upon request.

Coolcat housings

We offer a range of housing suitable for MR16 lamps which are available from stock

LV50-CH-SC

Fixed brushed chrome housing featuring an attractive front screw bezel

LED downlights

A range of constant current LED die cast aluminium downlighters which incorporate the latest 3 watt LED's. Finished in satin chrome and supplied with individual drivers.

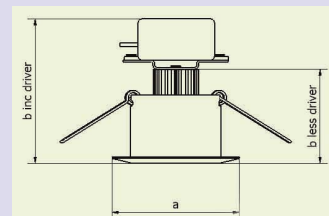

Low running costs and an expected life of 30,000 hours make these a stylish yet economical lighting option.

The LED is white colour 3000k but a gel lens can be added to give a coloured output if desired.

Part Number	Description	Diameter	Cut Out	Beam Angle
LED13-50	1 x 3 watt LED	50mm	40mm	20°
LED13-70	1 x 3 watt LED	70mm	56mm	30°
LED33-80	3 x 3 watt LED	80mm	66mm	30°

Please specify colour

The driver can be mounted on the back of the housing or can be left free depending upon space where fitting is to be installed

Part Number	a	b less driver	b inc driver
LED13-50	50mm	50mm	70mm
LED13-70	70mm	55mm	75mm
LED33-80	80mm	77mm	100mm

LED under cabinet lighting

Two stylish LED under cabinet lights supplied with individual drivers. Each unit features 12 individual LED. The central circular unit housing the LEDs is adjustable so light can be angled where required. Both units are finished in satin chrome and are IP20 rated.

Part Number	Description
LED307	12 LEDs in Triangular Housing
LED204	12 LEDs in Circular Housing

LED modules

These are multi purpose products which can be utilised in a range of applications. IP67 rated can be completely submersed in water without effect to the module. The modules incorporate an inbuilt aluminium heat sink for guaranteed performance. The module is available in two beam widths of 15 or 45° and they are stocked in red, green, blue or white.

These are 1 watt Luxion LEDs with outputs between 10 and 25 lumens per module

A choice of driver is available depended on number of modules to be used

Part Number	Description
LED01/45-**	LED Module with 45° Beam
LED02/15-**	LED Module with 15° Beam
LED350MA/8	Driver for up to 8 x 1 watt LED's
LED700MA/12	Driver for up to 12 x 1 watt LED's
